8/26/2015 14:07:03	4	4	4	I thought the presentation was a great step in the right direction. These types of lunch and learns will help everyone to see and understand that their role is needed and just as important to the success of LOFTwall. Regardless to titles and number of meetings you have been asked to attend we all hold a significant role and all are dynamic within their lane.

8/26/2015 17:44:36	5	5	5	I enjoyed the way you incorporated busy-work with hand-outs and teaching tools along with visual media and your own verbal presentation. It made it interesting, moved at a great pace and then breaking into intimate smaller groups was really refreshing. I LIKEY!!!
