

## The MENSA Toothpick Test

### Rules:

- Rule #1: Remove and set aside exactly 8 toothpicks so all that remains are 2 SQUARES that do not touch.
- Rule #2: The remaining 16 toothpicks must stay in their original position.
- Rule #3: Do not look at others' work.

### Guidelines:

- Raise your hand if you have a solution.
- Raise your hand if you need help.
- Toothpick test officials and those who have solved the test may help others. Their help is limited to saying "yes" or "no" for an incorrect move.
